

HEAD SIZE: **98** sq in / 632 sq cm

WEIGHT: 11.5 oz / 325 g (strung)

BALANCE: 6 pts HL / 322 mm

STRINGS: 16x19

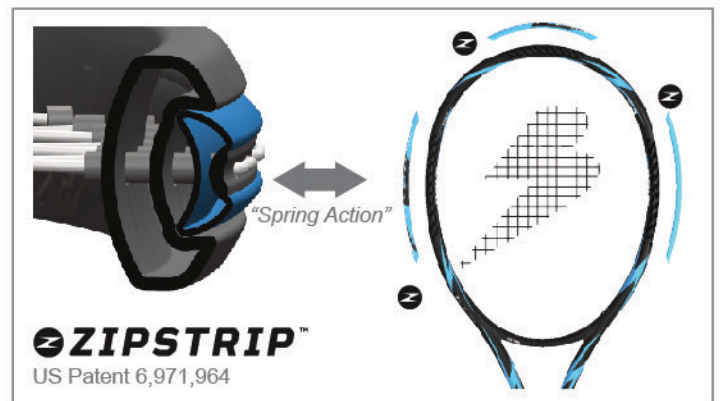

LENGTH: 27 in / 68.6 cm

BEAM SIZE: 22 - 23.5 mm

STIFFNESS: 68

SWINGWT: 324

BOLT has revolutionized the racquet by shifting energy absorption away from the frame and into a patented design called a *Zipstrip*. A *Zipstrip* is a spring-like string support that absorbs ball impact energy. The strip flexes instead of the frame to control ball rebound speed, enabling stability of the frame to be maximized for optimum precision and control - at any level of power.

BIG POWER, EXCEPTIONAL STABILITY AND GREAT FEEL IN A TOUCH-PROFILE FRAME FOR ADVANCED ALL-COURT PLAYERS.
