

HEAD SIZE: **100** sq in - 632 sq cm  
WEIGHT: 10.8 oz / 305 g (strung)  
BALANCE: 3 pts HL / 332 mm (strung)  
STRINGS: 16 x 19  
LENGTH: 27 in / 68.6 cm  
BEAM SIZE: 23 - 26 mm  
STIFFNESS: 68

**BOLT** has revolutionized the racquet by shifting energy absorption away from the frame and into a patented design called a *Zipstrip*. A *Zipstrip* is a spring-like string support that absorbs ball impact energy. The strip flexes instead of the frame to control ball rebound speed, enabling stability of the frame to be maximized for optimum precision and control - at any level of power.

**MASSIVE SPIN AND BIG POWER IN A LIGHT-WEIGHT, EASY-SWINGING FRAME FOR ADVANCED BEGINNER TO TOURNAMENT LEVEL ALL-COURT PLAYERS.**
