

HEAD SIZE: **100** sq in - 632 sq cm

WEIGHT: 11 oz / 312 g (strung)

BALANCE: 4 pts HL / 329 mm

STRINGS: 16 x 19

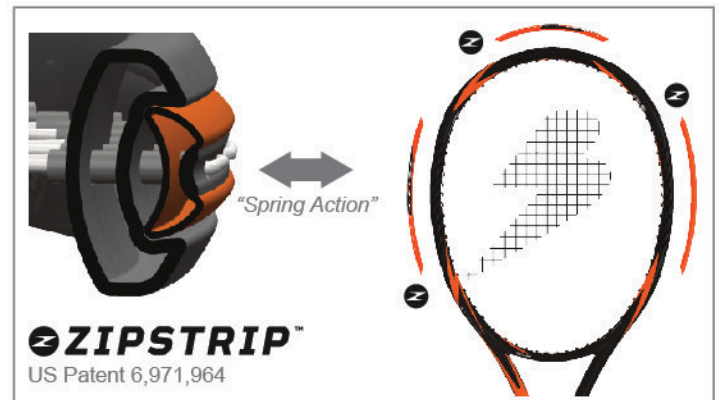

LENGTH: 27 in / 68.6 cm

BEAM SIZE: 23 - 26 mm

STIFFNESS: 68

SWINGWT: 317

BOLT has revolutionized the racquet by shifting energy absorption away from the frame and into a patented design called a *Zipstrip*. A *Zipstrip* is a spring-like string support that absorbs ball impact energy. It flexes instead of the frame to control ball rebound speed, enabling stability of the frame to be maximized for optimum precision and control - at any level of power.

MASSIVE POWER WITH EXCEPTIONAL FEEL, STABILITY, AND SUPERIOR POCKETING FOR INTERMEDIATE TO TOURNAMENT LEVEL ALL-COURT PLAYERS.
